

MILLSTORES CORPORATION

Infinite Possibilities.

About Us

Founded in the year 1965 by Mr. R.K Mantri, Millstores Corporation today has a glorious history of more than 50 years.

Today Millstores is among India's biggest Industrial distributor for Engineering Spares & Consumables with huge corporate client base pan India. Our Endeavour is to always understand the need of our clients and provide them quality products and services on time and every time.

Vision

To be a respected company in the field of industrial products, services and solution provider by delivering quality products & creating winning relationships.

Core Values

Customer First

Deliver quality products & services by adopting best practices

Valuing People

Create a culture that attracts and nurtures the best talent

Performance Focus

Ensure an environment that fosters teamwork & rewards performance

Nurturing Relationships

Cultivate mutually beneficial & Ethical relationships

From Chairman's Desk

"We aim to make a positive impact and Create Maximum Value for our Customers and to be their Strategic Partner for Industrial Products & Services."

SKF provides industry leading automotive and industrial engineered solutions through its five technology-centric platforms: bearings and units, seals, mechatronics, lubrication solutions and services.

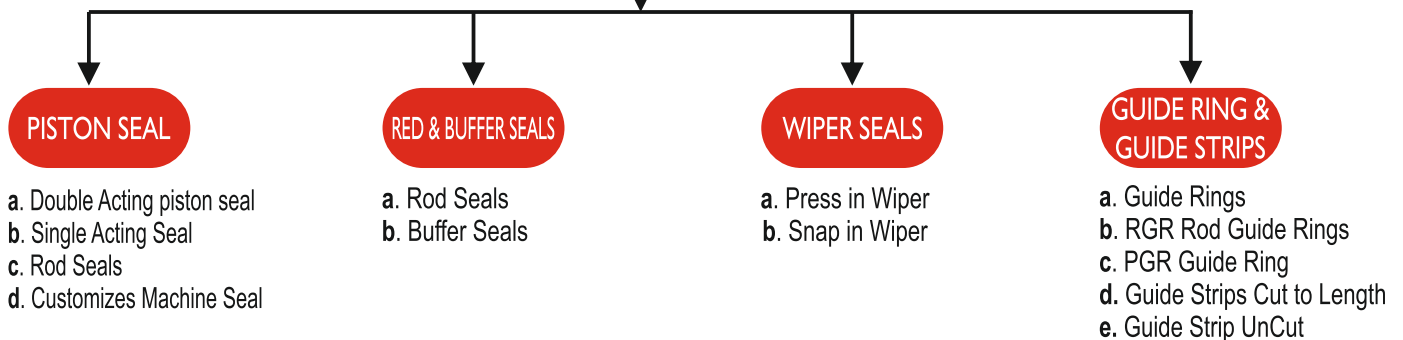

SKF's solutions provide sustainable ways to achieve breakthroughs in friction reduction, energy efficiency, equipment longevity and reliability, with a strong commitment to research-based innovation.

SKF Hydraulic Seals

HYDRAULIC SEALS

Hydraulic seals are used in cylinders to seal the openings between various components in cylinder. Seals are either moulded or machined and carefully designed using sophisticated simulation software. Products perform both dynamic and static sealing. The range includes piston, rod, buffer and wiper seals, as well as guide rings and O-ring.
